Dear Sir/Mam,

I'm aware, through your online posting, of the **software developer(full stack web developer)** position now available within your department. Please accept this letter and resume as my official application expressing my interest in this position. I've worked in this field for 1 year and 2 months and I'm confident that my skills and training perfectly match the requirements listed for this job.

A brief outline of my educational background and experience that make me a great candidate for this position are summarized below. I have experience in the following areas:

· Scripting on python for backend purposes , using Django framework.
· Using technologies like JavaScript , Jquery and React.js for frontend.
· Version control systems like Git.
· Working knowledge of Rabbitmq , Celery
· Relational Databases like MySql , Postgresql .
· NoSql databases like Redis
· DataStructures and Algorithms using C,C++.

My personal attributes include excellent interpersonal and communication skills, the ability to pay close attention to details and I have a Bachelors degree in Computer Science. I'm energetic, self-motivated and proactive.

I'm confident that a meeting would be in both our interest and would be grateful for the opportunity to discuss how my qualifications can contribute. Please contact me at 8527213257 for an interview.

I appreciate your consideration and look forward to hearing from you.

Sincerely,

Sahil Khaneja
